Phone No: 07469708444

Price: £200 no offers.

Description: 2 month old Axcel Archery RHEO TECH 5 PIN (.019” fibre).
Will come with a HAMSKEA ¼” RAPTOR PEEP.

NEW from Axcel Sights - the RheoTech!
Axcel offers this tried and tested design but now incorporating Axcel's new Rheostat cover, to adjust brightness and eliminate starburst! The pins have also had a redesign, now even brighter with 18" of fibre per pin. The New Axcel Firepins!

Features:

Micro-adjustable windage and elevation knobs with new gear-tooth lock levers allowing ultimate security of left-to-right and up-and-down settings.

Aiming Ring and Pin are set at the same depth - offering more accuracy.

Level Vial is inside of the scope helping reduce torque at a quick glance and helping with arrow clearance.

2nd and 3rd Axis adjustment.

Individual Micro pin adjustment.

Built in Harmonic Dampener.

Built in port for sight light.

Ambidextrous Design.

Both are AS NEW CONDITION.

Reason for the sale is I prefer my original setup, (was an expensive experiment).

Thanks for looking.
